## HISP INDIA GLOBAL PROJECTS

| Country | India |
|---|---|
| Project | Collaborative design and development of ANM support module |
| Project Description | Building applications that support work practices of health workers (ANMS) built using CommCare platform |
| Partner/Collaboration | DIMAGI Incorporated, USA |
| Status | Complete |
| Duration | Mar, 2011-Sep, 2011 |

| Country | Bangladesh |
|---|---|
| Project | Hospital Information System Customization |
| Project Description | Customization of DHIS hospital according to generic Bangladeshi hospital system |
| Partner/Collaboration | GIZ , Ministry of Health Bangladesh |
| Duration | Jul 2012 - Feb 2013 |

| Country | Bangladesh |
|---|---|
| Project | Supporting the development of Ehealth System in Bangladesh |
| Project Description | Building internal capacity and technical support for development of Ehealth systems in Bangladesh. |
| Partner/Collaboration | GIZ Health, Bangladesh, University of Oslo and Ministry of Health and Family Welfare, Bangladesh |
| Duration | Jul 2012 – Jun 2014 |

| Country | Bangladesh |
|---|---|
| Project | Health Nutrition and population |
| Project Description | Developer proof of concept for a health protection scheme pilot, based on Open MRS |
| Partner/Collaboration | GFA BIS GmbH |
| Duration | April 2012 to June 2012 |

| Country | Bangladesh |
|---|---|
| Project | Design, development and implementation of Integrated Hospital Information System support on DMIS national data ware house. |
| Project Description | Design, development and implementation of Integrated Hospital Information in 20 hospitals comprising 9 modules |
| Partner/Collaboration | GIZ , Ministry of Health Bangladesh |
| Status | Completed |

| Country | Himachal Pradesh, India |
|---|---|
| Project | Capacity Building on DMIS/HMIS design, development and implementation. |
| Project Description | Review of existing HMIS and development of a roadmap for redesigning the same to meet the requirements and standards specified by the National Rural Health Mission in Himachal Pradesh |
| Partner/Collaboration | EPOS, Germany |
| Status | Nov, 2007 - Dec, 2007 |

| Country | Bangladesh |
|---|---|
| Project | Capacity Building on DMIS/HMIS design, development and implementation. |
| Project Description | A provision of training and technical support for the improvement and further development of already functioning data warehouse. |
| Partner/Collaboration | EPOS, Germany |
| Status | Sep, 2010 - Nov, 2010 |

| Country | Bangladesh |
|---|---|
| Project | Capacity Building on DMIS/HMIS design, development and implementation. |
| Project Description | A provision of training and technical support for the creation of a data warehouse under DMIS and improvement and harmonization of the software used under different data management information Systems. |
| Partner/Collaboration | EPOS, Germany |
| Status | Nov, 2009 to Jan 2010 |

| | |
|---|---|
| **Country** | **Bangladesh** |
| **Project** | DMIS/HMIS design, development and implementation. |
| **Project Description** | Reorganization of data and revision of reporting forms and its linkage to DHIS2 software implementation planning, capacity building on DMIS/HMIS design, development and implementation. |
| **Partner/Collaboration** | EPOS, Germany |
| **Status** | Sep, 2011 |

| | |
|---|---|
| **Country** | **Sri Lanka** |
| **Project** | Technical support for DHIS2 design and implementation. |
| **Project Description** | Technical support for DHIS2 design and implementation to University of Colombo who are facilitating DHIS2 introduction and scaling for Ministry of Health, Sri Lanka. Requirements study for Hospital Information System for Kandy Hospital |
| **Partner/Collaboration** | |
| **Status** | Completed |

| | |
|---|---|
| **Country** | **Sri Lanka** |
| **Project** | Implementation of Health Information System |
| **Project Description** | Design, development and implementation on DHIS2 based HIS. |
| **Partner/Collaboration** | Health Informatics Society of Sri Lanka, Colombo |
| **Duration** | July 2011 to June 2012 |

| | |
|---|---|
| **Country** | **Rwanda** |
| **Project** | Integration of legacy HMIS into DHIS2. |
| **Project Description** | Data importing and integration from legacy systems into DHIS2. |
| **Partner/Collaboration** | USAID |
| **Status** | Completed |

| | |
|---|---|
| **Country** | **Tajikistan** |

| | |
|---|---|
| **Project** | Consultancy on Reform of National Health Information System for the Republic of Tajikistan. |
| **Project Description** | Consultancy study for ADB and Ministry of Health, Tajikistan on Reform of National Health Information System for the Republic of Tajikistan. |
| **Partner/Collaboration** | ADB |
| **Status** | Conducted in 2008 |

| | |
|---|---|
| **Country/Client** | **Bangladesh** |
| **Project** | Food Security & Nutrition Information System FSNIS |
| **Project Description** | Design, development and implementation of FSNIS for Monitoring Unit. |
| **Partner/Collaboration** | UN FAO |
| **Duration** | Jun, 2012 - Jan, 2014 |

| | |
|---|---|
| **Country/Client** | **Bangladesh** |
| **Project** | Food Security & Nutrition Information System FSNIS |
| **Project Description** | Design, development and implementation of FSNIS for Monitoring Unit. |
| **Partner/Collaboration** | UN FAO |
| **Duration** | Apr, 2014 to Jul, 2014 |

| | |
|---|---|
| **Country** | **USA** |
| **Project** | Cold Chain Equipment Management (CCEM) Tool |
| **Project Description** | Design & development of CCEM as a module in DHIS2 |
| **Partner/Collaboration** | PATH International |
| **Duration** | Feb, 2012 - May, 2013 |

| | |
|---|---|
| **Country** | **USA** |
| **Project** | Cold Chain Equipment Management (CCEM) Tool |
| **Project Description** | Implementation and configuration of Cold Chain Equipment Inventory Module built on DHIS platform in Nigeria and Kenya |
| **Partner/Collaboration** | PATH International |
| **Duration** | Oct, 2013 to Mar, 2014 |

| Country | USA |
|---|---|
| Project | Cold Chain Equipment Inventory (CCEI) Tool |
| Project Description | Develop set of customizable, open source dashboards that visualize key cold chain equipment-related indicators that can assist immunization programme managers to make data driven operational, managerial strategic decisions. |
| Partner/Collaboration | PATH International |
| Duration | Aug, 2015 - Oct, 2015 |

| Country | USA |
|---|---|
| Project | Cold Chain Equipment Inventory (CCEI) Tool |
| Project Description | Develop set of customizable, open source dashboards that visualize key cold chain equipment-related indicators that can assist immunization programme managers to make data driven operational, managerial strategic decisions. |
| Partner/Collaboration | PATH International |
| Duration | Mar, 2015 - Jun, 2015 |

| Country | Turkey |
|---|---|
| Project | Health programming in support of the Syrian response for Antakya, |
| Project Description | Design development and implementation of state of art ICT enabled Health Management Information System, including Data migration to DHIS2, Capacity building on use of data and use of information |
| Partner/Collaboration | International Medical corps (IMC) |
| Duration | Oct, 2014 - Jan, 2015 |

| Country | Kenya |
|---|---|
| Project | Tool to track/monitor OVC. |
| Project Description | Design and implementation of web based software components for BCC and OVC tracker as a module in DHIS2 |
| Partner/Collaboratio | PATH International |

| Duration | Sep 2013 to Nov 2013 |
|---|---|

| Country | USA |
|---|---|
| Project | Development of Immunization, Vaccines and Biologicals (IVB)Tool |
| Project Description | Tool to improve information system management platforms for strengthening routine immunization. Customization and localization for WHO IVB needs |
| Partner/Collaboratio | PATH |
| Duration | Mar, 2013 - Dec 2013 |

| Country | Geneva |
|---|---|
| Project | Data Quality Assessment Tool |
| Project Description | Design & development of WHO data quality report card in DHIS2 |
| Partner/Collaboration | WHO |
| Duration | Feb 2013 - Aug 2013 |

| Country | Geneva |
|---|---|
| Project | Data Quality Assessment Tool |
| Project Description | Design & development of WHO data quality report card in DHIS2 |
| Partner/Collaboration | WHO |
| Duration | Mar, 14 - Apr, 2014 |

| Country | Indonesia |
|---|---|
| Project | DHIS2 customization |
| Project Description | DHIS2 customization for Yogyakarta Province |
| Partner/Collaboration | University of Gajah Madah (UGM) |
| Status | Completed |

| Country | Nepal |
|---|---|
| Project | Customizing DHIS2 to requirements of outreach centers |
| Project Description | DHIS2 customization for Dhulikel hospital outreach centers |
| Partner/Collaboration | Dhulikel Hospital |
| Status | Completed |

| | |
|---|---|
| **Country** | **Kenya** |
| **Project** | Electronic Medical Health Record System (EMHR) |
| **Project Description** | Design and development of Open MRS based Electronic Medical Health Record System (EMHR) |
| **Partner/Collaboration** | WHO |
| **Duration** | Sep 2013 to Dec, 2015 |

| | |
|---|---|
| **Country** | **Laos** |
| **Project** | Performance based financing |
| **Project Description** | Development of a Performance Based Financing Maintenance Module on DHIS2 platform |
| **Partner/Collaboration** | Bluesquare, Belgium |
| **Status** | Completed |

| | |
|---|---|
| **Country** | **Geneva** |
| **Project** | Technical support for Immunization Repository on DHIS2 |
| **Project Description** | Customization, enhancement and maintenance of IVB modules, addition of reports |
| **Partner/Collaboration** | WHO |
| **Status** | July, 2014 – Dec, 2014 |

| | |
|---|---|
| **Country** | **Geneva** |
| **Project** | Immunization Repository |
| **Project Description** | Customization, enhancement and maintenance of IVB modules, addition of reports |
| **Partner/Collaboration** | WHO |
| **Status** | Jan, 15 to Dec, 2015 |

| | |
|---|---|
| **Country** | **Rwanda** |
| **Project** | Performance Based Financing Maintenance Module (PBF) |
| **Project Description** | Development of the Performance Based Financing Maintenance Module built on DHIS2 platform |
| **Partner/Collaboration** | Management Sciences for Health, Inc. (MSH) |
| **Status** | Oct 2013 to July 2014 |

| | |
|---|---|
| **State / Region** | **Asia** |
| **Project** | Requirement Study for IPPF-SARO |
| **Project Description** | Scoping/requirement gathering study for DHIS2 application in Family Planning Association of India |
| **Partner/Collaboration** | International Planned Parenthood Federation (IPPF), India |
| **Status** | Dec, 2013 |

| | |
|---|---|
| **State / Region** | **Asia** |
| **Project** | International Planned Parenthood Federation South Asia Regional Office (IPPF-SARO) |
| **Project Description** | Customization and implementation of DHIS2 solution in IPPF and its member association |
| **Partner/Collaboration** | International Planned Parenthood Federation (IPPF), India |
| **Duration** | May, 2014 to Oct 15 |

| | |
|---|---|
| **Country** | **Tajikistan** |
| **Project** | Technical support for strengthening health information system in Tajikistan. |
| **Project Description** | Customization of DHIS2 to integrate civil registration and vertical programmes, establish organizational framework for data quality. |
| **Partner/Collaboration** | EPOS |
| **Duration** | Dec, 2013 –Feb, 2014 |

| Country | South Africa |
|---|---|
| Project | Synchronization Manager |
| Project Description | Creating apps to Synch Metadata from National Instance to Province Instances and Synch Data from Province database to National database |
| Partner/Collaboration | HISP-South Africa |
| Status | July, 2014 to June, 15 |

| Country | UK |
|---|---|
| Project | Quality of Institutional Care (QuiC) |
| Project Description | Integration of QuiC CommCare application with DHIS2 and develop user friendly QuiC score cards |
| Partner/Collaboration | Options Consultancy Services Limited |
| Duration | Dec, 2014 to Sep, 2015 |

| Country | Lebanon |
|---|---|
| Project | DHIS2 Support |
| Project Description | Configuring DHIS2 database and training on administering DHIS2 server |
| Partner/Collaboration | WHO |
| Status | Feb, 2015 |

| Country | Norway |
|---|---|
| Project | Refactoring of India Module |
| Project Description | Refactoring of HISP India Modules to synchronize with DHIS2 core |
| Partner/Collaboration | University of Oslo |
| Duration | Jan, 2015 - Dec, 2015 |

| Country | Myanmar |
|---|---|
| Project | HIV-TB Patient Management System |
| Project Description | Design, development and implementation of OpenMRS system for HIV AIDS & TB patient management |
| Partner/Collaboration | Clinton Health Access Initiative, Inc (CHAI), |

| Status | March 2015- Dec 2015 |
|---|---|

| Country | **Pakistan** |
|---|---|
| Project | Client Relationship Management System |
| Project Description | Design and development of CRM on DHIS2 platform |
| Partner/Collaboration | Green Star International |
| Duration | Jun 2015 to Sep 2015 |

| Country | **Rome** |
|---|---|
| Project | Online Feed Simulator |
| Project Description | Design and develop online feed simulator to provide calculation of the Agricultural Market Information System (AMIS) |
| Partner/Collaboration | FAO, Rome |
| Duration | Mar, 2015 to May, 2015 |

| Country | **Rwanda** |
|---|---|
| Project | Multi sectoral national nutrition dashboard |
| Project Description | Assessment, Development, Testing and implementation of web-based national nutrition dashboard on DHIS2 platform |
| Partner/Collaboration | AEDES Scrl, Belgium |
| Duration | Aug, 2015 to Ongoing |

| Country | **Egypt** |
|---|---|
| Project | Standard indicator reports-EMRO |
| Project Description | Upgradation of DHIS2 version and development of standard reports for core health indicators. |
| Partner/Collaboration | WHO |
| Status | Aug, 2015 to Sep, 2015 |

| Country | **USA** |
|---|---|
| Project | Helpdesk Ticket Response Support |
| Project Description | Providing DHIS2 support via Zendesk for Asia, East and Southern African Region |
| Partner/Collaboration | Population Services International |
| Duration | Mar, 2015-Mar, 2016 |

| Country | **Canada** |
|---|---|
| Project | DHIS2 online tutoring |

| Project Description | Online training and support on DHIS2 functionalities to client using DHIS2 in the domain of social services |
|---|---|
| Partner/Collaboration | Logical Outcomes |
| Duration | Mar, 2015 to Feb 2015 |

| Country | UK |
|---|---|
| Project | HPA Monitoring &Evaluation System |
| Project Description | DHIS2 based monitoring and evaluation system for health and well-being services provided to the vulnerable population |
| Partner/Collaboration | HPA |
| Duration | Aug, 2015 to Oct, 2015 |

| Country | India |
|---|---|
| Project | Comprehensive Case Management Programme Information System (CCMP)-Phase II |
| Project Description | Technical Consultant for design and deployment of Social Protection Information System Phase II |
| Partner/Collaboration | Medicines for Malaria Venture (MMV) |
| Duration | 1-Jan-2016  to 31-Dec-2016 |

| Country | Thailand |
|---|---|
| Project | Direct Beneficiary Management System (DBMS) |
| Project Description | Design and development of DBMS based on multispectral approach involving organization, person profile and interventions. |
| Partner/Collaboration | Plan International |
| Duration | Sep, 15 to Jul, 16 |

| State / Region | SEARO |
|---|---|
| Project | Country and regional data/indicator dashboard |
| Project Description | Design and development of DHIS2 based country and regional data/indicator collection, reporting dashboard  support |
| Partner/Collaboration | WHO, India |
| Duration | Sep, 2015 to Oct, 2015 |

| Country | Myanmar |
|---|---|
| Project | TB/MDR-TB patient management system |

| Project Description | Develop the HIV AIDS and TB/MDR-TB patient management system based on the opensource OpenMRS (version 1.98) / DHIS2 (version 2.17) software used in a number of countries in care and treatment settings by doctors, pharmacists and nurses |
|---|---|
| Partner/Collaboration | Clinton Health Access Initiatives (CHAI) Myanmar |
| Duration | Dec, 2015 to Jun, 2016 |

| Country | **Bhutan** |
|---|---|
| Project | Information System Platform -Bhutan |
| Project Description | Design, development, deployment of Information System Platform (DHIS2 Support) for Bhutan |
| Partner/Collaboration | World Health Organization, SEARO Office India |
| Duration | 10-Feb-16 to 15-Aug-16 |

| Country | **Saint Lucia** |
|---|---|
| Project | Environmental System and Lab Integration |
| Project Description | Design and development of Environmental System and Lab Integration |
| Partner | AEDES Scrl, Bruxelles |
| Duration | 15-May-2016 to 31-Dec-2016 |

| Country | **Nepal** |
|---|---|
| Project | Technical Support-Nepal |
| Project Description | Technical Support for Design and development and roll out of National HMIS |
| Partner | WHO Searo Office, India |
| Duration | 10-Jun-2016 to 30-May-2017 |

| Country | **India** |
|---|---|
| Project | MDA SMS Reporting |

| | |
|---|---|
| **Project Description** | Design and development of SMS reporting tool for MDA |
| **Partner** | WHO Country Office, India |
| **Duration** | 1-Aug-2016 to 31-Aug-2016 |

| | |
|---|---|
| **Country** | India |
| **Project** | Elimination of Leprosy |
| **Project Description** | Design and development of reporting tool for elimination of Leprosy project |
| **Partner** | WHO Country Office, India |
| **Duration** | 13-Sep-2016 To 15-Mar-2017 |

| | |
|---|---|
| **Country** | India |
| **Project** | Transparency Portal |
| **Project Description** | Design, development and implementation of Punjab State Health Transparency Portal |
| **Partner** | Punjab Health Systems Corporation, Punjab |
| **Duration** | 9-Sep-2016 to 8-Jan-2018 |

| | |
|---|---|
| **Country** | Belgium |
| **Project** | DHIS2 for Disagrregated Data pilot Projects - NCD and Obstetrics |
| **Project Description** | Design, Development and Rollout of DHIS2 Pilots for Disaggregated Data for NCD and Obstetrics |
| **Partner** | MSF- Medecins Sans Frontieres- Belgium |
| **Duration** | 5-Sep-2016 to 30-Jun-2018 |

| | |
|---|---|
| **Country** | India |
| **Project** | Health Information Platform Phase 2 Support HIP-2 |
| **Project Description** | Design development of Health Information Platform support – Phase 2 |

| | |
|---|---|
| **Partner** | WHO Searo Office, India |
| **Duration** | 1-Apr-16 to 30-Sep-2016 |

| | |
|---|---|
| **Country** | **India** |
| **Project** | M&E Nepal |
| **Project Description** | Design and implementation of DHIS2 information system for *Suaahara II*, a multi-sector nutrition program in 40 Districts of Nepal |
| **Partner** | Helen Keller International, New York |
| **Duration** | 3-Oct-16 to 31-Aug-2017 |

| | |
|---|---|
| **Country** | **India** |
| **Project** | DHIS2- Automated reports |
| **Project Description** | Design, Development and customization of DHIS2 Automated PDF reports |
| **Partner** | Akros Research Zambia |
| **Duration** | 3-Oct-16 11-Nov-2016 |

| | |
|---|---|
| **Country** | **Norway** |
| **Project** | NFR Impart CCC PGI ( Intpart ) |
| **Project Description** | Designing Information Systems for Strengthtening Patient Based Care in Resource Constrained Settings |
| **Partner/Collaboration** | University of Oslo |
| **Duration** | 21-April-2016 To 20-April-2019 |

| Country | India |
| --- | --- |
| Project | WHO Leprosy |
| Project Description | Developing an electronic database using DHIS-2 to collect leprosy statstics from all countries and strengthen supply of multidrug therapy ( MDT ) through WHO |
| Partner | WHO Country Office, India |
| Duration | 13-Sep-2016 to          15-Mar-2017 |

| Country | India |
| --- | --- |
| Project | Health Information System Assessment- Libya |
| Project Description | |
| Partner | WHO Malaysia |
| Duration | 7-May-2017 To 31-May-2017 |

| Country | Thailand |
| --- | --- |
| Project | Youth Employment Solutions, Monitoring and evaluation system(YES!ME) |
| Project Description | |
| Partner | Plan International Inc. |
| Duration | 1-May -2017 TO 1-March-2018 |

| Country | South Africa |
| --- | --- |
| Project | CDC |
| Project Description | |
| Partner/Collaboration | HISP South Africa |
| Duration | |

| Country | India |
| --- | --- |
| **Project** | Traning on District Health Information System ( DHIS2 ) Tracker Module in Nepal |
| **Project Description** | |
| **Partner/Collaboration** | Save The Chidren |
| **Duration** | 21-Mar-2017 To 15-April-2017 |

| Country | India |
| --- | --- |
| **Project** | Finalization & Optimization of DHIS2 application for MIS of DRILP-III |
| **Project Description** | |
| **Partner/Collaboration** | DRILP-III |
| **Duration** | 26-June-2017 To 26-Sept-2017 |

| Country | India |
| --- | --- |
| **Project** | Rawanda Health Systems Strengthening Activity ( RHSSA ) |
| **Project Description** | |
| **Partner/Collaboration** | MSH Contract |
| **Duration** | 14-June-2017 To 30-Sept-2017 |

| Country | Nepal |
| --- | --- |
| **Project** | Development of Patient Tracking System for HIV Care and ART patients ( Tracker with Unique ID) into District Health Information Systems ( DHIS 2) |
| **Project Description** | |
| **Partner** | Save the Children |
| **Duration** | 26-June-2017 To 25-Oct-2017 |

| Country | United Kingdom |
|---|---|
| Project | SARA Configuration |
| Project Description | 8 Sections of the SARA Core Instrument designed in the HPA Information system based on DHIS2 |
| Partner | Health Poverty Action |
| Duration | |

| Country | Belgium |
|---|---|
| Project | DHIS2 for Disagrregated Data pilot Projects - NCD and Obstetrics – Phase-II |
| Project Description | Design, Development and Rollout of DHIS2 Pilots for Disaggregated Data for NCD and Obstetrics |
| Partner | MSF- Medecins Sans Frontieres- Belgium |
| Duration | 19-Sept-2016 To 24-July-2017 |

| Country | Lebonon |
|---|---|
| Project | DHIS2 Server Upgrade |
| Project Description | |
| Partner | World Health Organization - Malaysia |
| Duration | 10-July-2017 To 24-July-2017 |

72

## HISP INDIA NATIONAL PROJECTS

| State | Himachal Pradesh |
|---|---|
| Project | Integrated Hospital Information System |
| Project Description | Design, development and implementation of Integrated Hospital Information in 20 hospitals comprising 9 modules |
| Partner/Collaboration | Department of Health and Family Welfare GoHP |
| Status | Completed |

| State | Himachal Pradesh |
|---|---|
| Project | Integrated Hospital Information System |
| Project Description | Design, development and implementation of Integrated Hospital Information in 20 hospitals comprising 9 modules |
| Partner/Collaboration | Department of Health and Family Welfare GoHP |
| Status | Completed |

| State/Region | India |
|---|---|
| Project | Provision of HMIS related technical assistance to National Health Systems Resource Centre, Ministry of Health and Family Welfare |
| Project Description | Customization, deployment, implementation, technical support including for server management for DHIS2 in more than 20 states in the country, operationalised through a MOU with the National Health Systems Resource Centre (NHSRC), New Delhi. |
| Partner/Collaboration | National Health Systems Resource Centre (NHSRC), Ministry of Health and Family Welfare |
| Status | 2008-2012. |

| State/Region | Himachal Pradesh |
|---|---|
| Project | Design, development, implementation and scaling of "e-health architecture". |
| Project Description | Design, development, implementation and scaling of "e-health architecture" in the state of Himachal Pradesh including Integrated Hospital Information System for 20 district hospitals, M Health application based on DHIS Mobile, routine HMIS using DHIS2, and Name Based Tracking System based on DHIS Tracker. |
| Partner/Collaboration | Department of Health and Family Welfare Department & NHSRC |
| Duration | Sep-2010 to Sep 2013 |

| State/Region | Himachal Pradesh |
|---|---|

| | |
|---|---|
| **Project** | Technical support for sustainability of E health project |
| **Project Description** | Provision of  technical support for customization, trouble shooting and  handholding support for sustainability of E health project |
| **Partner/Collaboration** | Department of Health and Family Welfare Department  & NHSRC |
| **Duration** | Sep-2014 to Sep 2015 |

| | |
|---|---|
| **State** | **Punjab** |
| **Project** | Punjab M Health integrated application |
| **Project Description** | Design, development, implementation and support DHIS2 based M Health application. |
| **Status** | Completed |
| **Duration** | July 2011 to Jan 2012 |

| | |
|---|---|
| **State** | **Punjab** |
| **Project** | Technical Support around DHIS2 and Mhealth |
| **Project Description** | Provision of technical support around DHIS2 and Mhealth including their integration for strengthening health information system in the state of Punjab |
| **Partner/Collaboration** | Department of Health and Family Welfare and NHSRC |
| **Duration** | Jun, 2013 –May, 14 |

| | |
|---|---|
| **Country** | **India** |
| **Project** | Tool to assess readiness to use information |
| **Project  Description** | Development of Readiness Matrix tool to help assess "readiness to use information for action "for University of Cambridge, UK and National Health Systems Resource Centre (NHSRC), Delhi. |
| **Partner/Collaboration** | University of Cambridge, UK and National Health Systems Resource Centre (NHSRC), Delhi. |
| **Status** | Carried out in 2008. |

| State | Jharkhand |
|---|---|
| Project | Design, development and implementation of state-wide HMIS. |
| Project Description | Customization, deployment, implementation, technical support including for server management for DHIS2 in12 districts of Jharkhand. |
| Status | Completed |

| State | Gujarat |
|---|---|
| Project | Implementation of Health Information Management System in all districts of Gujarat state. |
| Project Description | Design and development of comprehensive HMIS beginning at the district level |
| Partner/Collaboration | Commissionerate of Health and Family Welfare Department Govt. of Gujarat |
| Status | Completed |
| Duration | December 2007 to December 2008 |

| State | Andhra Pradesh |
|---|---|
| Project | Design, development and implementation of HMIS. |
| Project Description | Customization, deployment, implementation, and technical support for DHIS1.3 based routine health information system for the State of Andhra Pradesh at various levels from PHC to Division, District, and State. |
| Status | Completed |
| | Andhra Pradesh |
| Project | Technical support for implementing State Health Tracking System |
| Project Description | Provide technical support for the strengthening of DHIS2 with HMIS and MCTS in a composite form, customize DHIS2 as per the needs of health department and provide capacity building |
| Partner/Collaboration | Department of Health and Family Welfare |
| Status | Jul, 2011- Jul 2012 |

| State | Andhra Pradesh |
|---|---|
| Project | Community Health Information System. |
| Project Description | Customization of DHIS2 and its implementation including technical support, for tracking of service delivery under different programs such as TB, HIV, School Health etc. |

| Status | Completed |
|---|---|

| State | **Karnataka** |
|---|---|
| **Project** | School health information system. |
| **Project Description** | State-wide implementation of computerized school health information system integrated with GIS to enables partial analysis |
| **Partner/Collaboration** | Karnataka State Health System Resources System |
| **Duration** | Aug 2012 to Mar 2013 |

| State | **Tamil Nadu** |
|---|---|
| **Project** | Prototype SHDRC structur |
| **Project Description** | Design, development and implementation of DHIS2 based State Data Warehouse catering to data management of 18 Directorates of the state. |
| **Partner/Collaboration** | |
| **Duration** | Sep, 2011 to Dec 2011 |

| State | **Tamil Nadu** |
|---|---|
| **Project** | GIS application for visualization of state health indicators |
| **Project Description** | Design, development and implementation of Geographic Information Systems for Tamilnadu State Health Sector. |
| **Partner/Collaboration** | |
| **Status** | Completed |
| **Duration** | July, 2011 – Sep, 2011 |

| State | **Kerala** |
|---|---|
| **Project** | State-wide HMIS. |
| **Project Description** | Design, development and implementation of state HMIS on DHIS2 which while supporting routine reporting across levels of the state health system is flexible enough to integrate within formation systems of other programs or application. |
| **Partner/Collaboration** | Department of Health & Family Welfare |
| **Duration** | Sep, 2008-Aug, 2010 |

| State | Kerala |
|---|---|
| Project | Provision of technical support on DHIS2 based HMIS |
| Project Description | Technical support on operational use of DHIS2 including data analysis & use, meta data configuration, user management, application maintenance, version upgrade. |
| Partner/Collaboration | Department of Health & Family Welfare |
| Status | Aug 2012 to Jul 2013. |

| State | Odisha |
|---|---|
| Project | Technical Support on DHIS2 based HMIS |
